Sticker History

This is a set that put out only once by a company called Clever. There are 25 logos in this set. This was made to commemorate the NHL's 75th Anniversary season. One very bizarre note about this set is that there is BOTH a North Stars as well as a Stars logo in this set. This was around the time when the North Stars were transitioning to be called just the "Stars" but very intriguing for them to include BOTH logos.

Sticker Facts

Each disc measured about 3 cm in diameter.
